

Membership Committee Report

At the October meeting I took the chair of the membership committee. We talked and brainstormed about ideas for summer conference. We talk discussed how to get the members to mingle with each other more.

At the March meeting we decided to put together the first annual BMITE mixer. We thought it would be a great way to get the members together. We set the location for the State Capitol. Talked about what we would want from the mixer. We decided a come and go event with finger foods might be best for everyone.

Respectfully submitted,

Rachel Phillips
