

## **Mutual Benevolent Plan**

We didn't have a meeting during the year, but here are the highlights from the meeting yesterday:

Total participants 1220 members

Which includes members of CCOSA and 673 members of OKACTE and their spouses which is an additional 315 participants.

The chair also shared documents used for communicating with members concerning payouts.

T & I made a presentation to the MBP board to dissolve their division MBP and join OKACTE MBP. That motion was approved and current T & I have until Nov 1st to join..
